

CAB-AOCU-ML

USB 3.1 Gen 1 Active Extender Cable

Key Features

- Extended USB Reach: Breaking the barrier length of general USB cables.
- Reinforced fiber cable, flexible, strong, and lasts a long time.
- Transmits high-quality signals via optical fiber with up to 10Gbps data rate.
- Excellent long-distance signal transmission in high quality and high stability.
- Easy installation
- No external power needed
- No driver needed

Product Specification

Connector	USB Type A (male) to USB Type A (female)
Length	49"(15 m)
Data Rate	10 Gbps
Optical Fiber	850 nm VCSEL (multimode)
Cable Diameter	4.5 mm
Supply Voltage	5V ± 0.25V
Flame Retardance	UL13

Environmental Data

Operating Temperature	0°C to 50 °C (32 °F to 122 °F)
Storage Temperature	-20°C to 70 °C (-4 °F to 158 °F)
Humidity	5% to 90%
Compliance	FCC-EMI, CE-EMC, RoHS, WEEE

Package Contents

USB 3.1 AOC Extender Cable

Compatibility

Lumens USB2.0, USB3.0 Cameras

Warranty

1 Year

Connection
