Lumens® Case Study
National Company Law Tribunal (NCLT), India
Applications

One VC-A50P, 6 CL510, and 6 VS-LC102 are installed within six courtrooms for the purpose of live streaming and full HD recording of the courtroom proceedings.

- VC-A50P is placed on the back to capture Judges' view; the other VC-A50P is placed in the front to capture lawyers' view.
- CL510 is placed on the ceiling to present the documents or 3D objects in real-time.
- VS-LC102 is used for recording and live streaming to the desired location through RTP or RTMP and save recordings to the server.

Website: https://nclt.gov.in/
