

LC-RC01

Remote Control Panel for Media Processor

Lumens LC-RC01 remote control panel, a wall plate for the Lumens media processor to control the live streaming, recording, and video file saving options. The panel provides three macro functions that can remotely switch the scene and control the camera's preset.

The LC-RC01 can be extended to 30 meters through a Cat 5e cable. It can be mounted on walls and furniture in any standard one-gang US/EU A/V frame enclosure. Equipped with a USB port, it supports USB flash drives to record or backup video files. The LC-RC01 offers greater flexibility for operating the Lumens media processor.

Product Specifications

INTERFACE	
Button	6 LED buttons Record, Stream, Backup , Macro 1~3
USB port	1 female USB 2.0 Type A, support USB flash drive
EXTEND	
Cable Type	Cat 5e / Cat 6 and above
Maximum extension Distance	30 meter (98 ft)
MOUNTING	
LC-RC01U	Mounts to standard 1-gang US enclosures or to surfaces with included mud ring
LC-RC01E	Mounts to standard 1-gang EU enclosures or to surfaces with included mud ring

GENERAL	
Power Consumption	6W
Temperature	Storage: -20 ~ + 70 °C Operating: 0 to +40 °C
Humidity	10% ~ 90%
Dimension	LC-RC01U Wallplate: 115mm (H) x 74mm (W) x 43mm (D) LC-RC01E Wallplate: 86mm (H) x 86mm (W) x 43mm (D) Receive Box: 41mm (H) x 90mm (W) x 25mm (D)
Weight	LC-RC01U Wallplate: 0.11 kg LC-RC01E Wallplate: 0.09 kg Receive Box: 0.13 kg
